FNRPA Follow-Up Report

Follow-up information regarding the use of funds granted from the Federal Natural Resource Policy Account (FNRPA) is valuable not only in helping the State analyze the effectiveness of our decisions to provide grants, but also to ensure grant funding has been used in accordance with the request. We hope that this process will improve both the applicant's ability to request grant monies, and the State's ability to provide it as well.

As a cover sheet, please use the enclosed "FNRPA Follow-Up Report Cover" completed in full. The following questions should be answered on separate pieces of paper.
